R. R. T. Finance Plans.—Several plans for supplying the \$37,700,000 needed by the Interborough Rapid Transit Company have been discussed between the corporation's officials, representatives of J. P. Morgan & Co. and directors of the War Finance Corporation, but so far no determination has been made as to how the money will be raised. One of the plans suggested is for the War Finance Corporation to make a direct collaterally secured loan of \$17,700,000 and a syndicate headed by the Morgan firm to take \$20,000,000 of the obligation in the form of a convertible 7 per cent note to run either for a straight three-year period or one, two and three years. The immediate needs of the company are estimated at \$4,000,000, which amount should be made available, it is said, before July 1. In the event of a private ioan being arranged for a part of the sum required the funds may cost the company in the neighborhood of 8 per Religious Sunday 2: Mountain or one, two and three years. Buffalo & Susquehanna Dividend Deidend, the following statement was is-sued yesterday by the directors of the Buffalo & Susquehanna Railroad Cor-

"Because the dividends on the common stock have not been at the same rate for three years, the statute requires the permission of the government to continue them at the present regular rate of 7 per cent per annum. Application for this permission has been made, showing that the corporation has ample cash on hand apart from what it may receive as rantal from what it may receive as rental from the government, and that its amings have been and are sufficient to justify a 7 per cent dividend, but the application has not yet been acted upon, and pending that action, the declaration of the usual quarterly dividend is delayed."
